Annual index

of Medical Economics articles

JANUARY THROUGH DECEMBER 1970

Each listing shows title of major article or short item (in italics). First two figures following title indicate date of issue; last figure indicates page number on which the article or item starts. Back copies of MEDICAL ECONOMICS may be purchased, as long as the supply lasts, at $2 each, postpaid.

Aides

Delegating work can be dangerous. 1-19-274
Your aide has domestic problems? Better skirt them. 1-19-149
Can your aide pass this patient-relations test? 2-2-205
Office help: what it costs now. 2-2-152
Does your aide spend her office time this way? 2-16-174
Got a good aide? Hang on to her! Like this . . . 2-16-235
Got a sick practice hiding behind a healthy gross? 2-16-104
To save an hour a day—get off the phone! 3-2-177
Bonding can scare off poor-risk job applicants. 3-16-214
Big switch ahead to fee-for-service nurses? 3-30-114
Fresh ideas for hiring superior help. 4-27-106
How patients feel about doctors today—Delegating to aides: O.K. if they're good enough. 6-8-91
Is your receptionist killing your practice? 6-22-150
The key to profitable practice growth. 6-22-87
Aid for the Difficult Doctor's aide. 8-3-122
Aide-watcher's guide: ways to spot-check their work. 9-14-96
Clearing the way for more paramedical help. 12-7-195
What doctors are doing about raising aides' pay, 12-7-99; Starting salaries: up 14% in three years, 12-7-100; Bigger raises for well-established aides, 12-7-103; Add fringe benefits—they're proliferating fast. 12-7-121

Billings

Why not skirt that truth-in-lending mess? 1-5-120
Recommended: "write-it-once" bookkeeping. 2-16-154
Don't let an estate bury your bill. 4-13-177
How patients feel about doctors today—Your billing methods: room for improvement. 5-11-94

Cars

It's your fault if your kids are dangerous drivers. 1-19-108
Trade in your car? Sell it? Neither! 1-19-180
What to do when you think your new car's a lemon. 3-16-105
For a bargain on your next family car, buy it used. 6-8-100
Are you sure you know what it costs you to drive? 6-22-204
Taking the strain out of towing a trailer. 7-6-212
Think about buying your next new car in Europe. 8-3-148
"Luxury car? It's a lemon!" 8-31-88
What's the best tire for your purposes? 9-28-185
Do those "demonstrator cars" make good buys? 10-12-138
Used-car dealers vs. me—guess who got taken for a ride. 10-26-94

Colleagues

My six rules for reducing consultation risks. 2-2-213
When doctors and their families get sick. 2-2-158
Inside tips to smooth referrals to a medical center. 3-2-77
The most satisfying kind of specialty practice, 3-16-140; An all-referral practice? Some say yes, most say no. 3-16-149
A coronary taught me the truth about colleagues. 4-13-110
A lemon patient? Please sweeten before referring. 4-13-232
None of my best friends are doctors. 4-27-112
Malpractice lesson: We stuck together and won. 5-11-147
A snug haven for infirm colleagues. 5-11-209
Where joint consultations are a phone call away. 5-11-159
Good way to improve communication in referrals. 5-25-199
Colleagues helped make my cut-back program work. 6-8-135
How patients feel about your referral methods today. 7-6-131
Gifts to colleagues: still a gray tax area. 7-20-152
What a plastic surgeon can't do for your patient. 8-17-181
Consultmanship: how to stay one-up on colleagues. 8-31-162
"You can compensate me for my referrals . . ." 11-9-131
New light on how you can save a colleague's life. 11-23-177

Collections

You, too, can collect fees from lawyers. 1-19-133
Got a sick practice hiding behind a healthy gross? 2-16-104
"Doctor's charge will be $7, please." 4-13-252
Don't let an estate bury your bill. 4-13-177
A push-button pay plan for M.D.s. 4-13-170
"Take Medicare assignments and *everyone* benefits." 4-27-118
How to safeguard collections in accident cases. 5-25-246
"If a lawyer won't pay your bill, get tough!" 6-22-231
Recession's effects on the doctor business. 8-3-25
"Doc has shut his office and he's out on strike!" 10-12-94

Condensations

Malpractice: the patient vs. the physician. 2-16-264
How chiros treat heart trouble—oh, my aching back! 3-2-236
The money game: Why do you buy stocks? 3-16-230; Men who make the market move, 6-22-214; The influence of Scarsdale Fats, 7-6-26; Fast footwork in a market plunge, 7-20-238; Meet the young swingers. 8-3-150
How the Senate might "fix" doctors' fees. 4-13-266
A primer on stock market speculation. 4-27-226
It's time to turn down all that noise. 5-11-242
Investing in Scotch has its hangovers. 8-17-142
Five stages a dying patient goes through. 9-14-272
What generation gap? 9-28-282
What we must do *before* national health insurance. 10-12-224
The way we run our courts is a crime! 11-9-264
National health insurance: Its time *hasn't* come. 11-23-214

Drugs

How to avoid the hidden dangers of prescribing. 2-2-114
Let your inpatients medicate themselves? 3-16-191
Are you helping to increase drug abuse? 4-20-118
Doctor, are you a dropout? 4-20-12
Doctor, could this be your kid? 4-20-22
Influencing kids against drugs—what works? 4-20-124
The language of the drug world. 4-20-146
"Let's stop lying about drugs." 4-20-112
Marijuana: A bad front in a good war? 4-20-32
Methadone: Growing hope or grim illusion? 4-20-82
The new British system: Would it work here? 4-20-120
A physician's guide to the mind drugs. 4-20 (insert)
"Sure, I turn on, Doc. What's wrong with that?" 4-20-89
Treating drug abusers: What the law allows. 4-20-84

Continued on page 110

Annual index

Drugs (cont.)

When dope fiends treat each other. 4-20-78
Why youngsters take drugs. 4-20-28
A good way to cope with drug warnings. 4-27-202
What should you say to the drug abuser's parents? 7-6-142
Let's draw the line between drug use and abuse. 7-20-102
What will turn the tide against drug abuse? 12-7-94

Education

Sex in the schools: Your stake in the battle over sex education, 1-5-240; A doctor's Rx for effective sex education. 1-5-270
Where attendings are paid for part-time teaching. 1-19-163
Those 9,000 med school rejects—what a waste! 2-2-102
Where interns steer their own courses. 4-27-183
You won't recognize these new medical schools! 6-8-206
They're dropping doctors who don't keep up. 6-22-137
The coming way to keep up in medicine. 7-20-156
Assessing the M.D. self-assessment tests. 10-12-248
The great doctor shortage: Now the end is in sight. 12-7-79

Equipment

A push-button pay plan for M.D.s. 4-13-170
Buyer's guide to a better intercom system. 7-20-112
Bet you could use a telephone consultant. 8-31-187
Need copies of X-rays? Pull out the old Polaroid. 9-14-188

Estate planning

Have you got the simplest possible will? 2-16-163
A letter your heirs will appreciate. 5-11-179
How to work with your lawyer for your heirs' sake. 7-6-98
Help your heirs with a life insurance trust. 8-17-108
My assets got caught in the joint-ownership trap. 8-31-189
A doctor and his daughter and his wrong-way will. 9-14-79
How to give to charity—and help your heirs, too. 9-28-121
Guidelines for picking the right executor. 10-12-261
The newest route to estate tax savings. 10-12-182
How to be sure your will does its job. 10-26-149
Who says you can't take it with you? 12-7-171

Ethics

How doctors liberalized an abortion law. 1-5-163
We doctors will be the death of private practice! 2-16-167
Can you cope with the new morality? 3-2-111; Your role in the sexual revolution, 3-2-112; When you're asked for an abortion, 3-2-124; Helping adolescent rebels—and their parents, 3-2-132; The limits of your medico-moral responsibilities. 3-2-150
New support for doctor-aided deaths, 5-25-254; Euthanasia? Yes, but what kind? 5-25-259
The next 10 years: Will they bring abortion on demand? 6-8-146
Found: a potent way to deal with bad apples. 7-6-164
Suddenly I'm a legal abortionist. 11-23-92

Family

Don't just take a vacation—try an adventure. 1-5-218
How medical families spend their money: "We're going for broke, and broke it may be!" 1-5-70; "We spend it when we get it, not before," 2-16-84; "We're mortgaged up to here and feeling fine," 3-30-68; "We're insurance-poor," says the wife—not the M.D., 6-22-108; "With simple tastes, four can live well on $9,800 a year," 11-9-88; "Sure, we indulge our kids, but there's a purpose to it." 12-21-72
It's your fault if your kids are dangerous drivers. 1-19-108
Marriage on the rocks: The couple who should have divorced sooner, 1-19-114; The surgeon who treated his wife like a scrub nurse, 3-16-96; The doctor who couldn't slow down. 7-6-90
What are we going to do with old Aunt Sally? 2-16-92
We're in the horsey set and going broke. 3-16-192
Hire your own child for the summer? 5-25-180
Our whole family goes to summer camp. 5-25-242
Ways to help someone who's financially incompetent. 5-25-219
The doctor-wife-son syndrome: Dx and Rx. 8-3-84
If you're going to do something really worthwhile. 8-17-92
New help for those who support oldsters. 8-17-156
When it pays to claim a "medical dependent." 8-17-167
A doctor and his daughter and his wrong-way will. 9-14-79
The hell of Sunday fatherhood. 9-28-86
A stroke taught me some medical truths. 9-28-233
What generation gap? 9-28-282
"I've accumulated $500,000 . . . and for what?" 10-26-84
Should your son become a doctor? Here's one test. 10-26-247

Fees

The facts behind the big fee trends. 1-19-79
They refer patients to a grievance committee. 2-2-170
What R.V.S. means now: fairer fees, faster pay. 2-2-96
Would it pay you to do more free work? 2-2-555
Could you make it in New York City? 2-16-110
Ted Kennedy tackles the health-care crisis. 2-16-23
Can you see yourself practicing in medicine's capital city? 3-16-112
Let's face it: Fee-for-service is doomed. 3-16-83
How the Senate might "fix" doctors' fees. 4-13-266
The Los Angeles lesson: Small-city practice is best. 4-13-114
Medical price control: It's here. 4-13-27
The next 10 years: Will large-scale medical price control be imposed? 4-27-92
How patients feel about doctors today—Your fees: tolerated surprisingly well. 5-11-89
"It's time to negotiate a Medicare fee schedule." 5-25-83
Fee control is here. Is income control next? 6-8-165
The case for slow-motion fee hikes. 6-22-194
How fee hikes have made doctors vulnerable. 6-22-131
Congress moves toward medical price control. 7-6-21
Good reports to attorneys are worth good fees. 7-20-177
A Government insider denounces medical fee controls. 7-20-218
M.D.s and economists: new team on the health scene. 9-28-245
The time I did surgery for a penny. 10-12-198
Better than fee-for-service for me: annual retainers. 10-26-115
Yes, fees are up—but wages are up more. 10-26-99
Doctors can do well with capitation payments. 11-9-148

Government and politics

An inside view of the great Fedicare conspiracy. 1-5-150
How professional corporations finally won out. 1-19-21
Doctors, Incorporated: the Senate showdown. 2-2-264
Nixon's I.R.S. chief talks about doctors and taxes. 3-30-23
The needy grow tired of health-planning talk. 4-13-229
What's behind the national health insurance push? 6-8-254
National health insurance: the Javits timetable, 6-22-19; The Griffiths twist. 9-14-198
Now doctors can cite Government's "nonsystem." 7-6-150
Why there aren't more activists in medicine. 11-23-132
How the new Congress will deal with medical issues. 12-21-27

Government medicine

Can the A.M.A. recover from its political mistakes? 1-5-27
An inside view of the great Fedicare conspiracy. 1-5-150
We kept Government from killing our private practices. 1-5-125
In-office Medicaid audits: the box score. 1-19-144
Who says Americans abhor socialized medicine? 1-19-251
Can we head off national health insurance? 2-2-25
Ted Kennedy tackles the health-care crisis. 2-16-23
We doctors will be the death of private practice! 2-16-167
How the Senate might "fix" doctors' fees. 4-13-266
Medical price control: It's here. 4-13-27

Continued on page 112

Annual index

Government medicine (cont.)

The needy grow tired of health-planning talk. 4-13-229
The next 10 years: Is national health insurance in the cards? 4-27-98
"Take Medicare assignments and *everyone* benefits." 4-27-118
Reassuring news about those Medicare abuses. 5-11-29
H.E.W.'s new drive to change health-care delivery. 5-25-286
"It's time to negotiate a Medicare fee schedule." 5-25-83
Fee control is here. Is income control next? 6-8-165
What's behind the national health insurance push? 6-8-254
National health insurance: the Javits timetable, 6-22-19; The four front-runners, 7-6-214; Now comes the topper, 8-17-29; The Griffiths twist, 9-14-198; Five contenders compared, 10-26-284; Its time *hasn't* come. 11-23-214
Congress moves toward medical price control. 7-6-21
Now doctors can cite Government's "nonsystem." 7-6-150
A Government insider denounces medical fee controls. 7-20-218
Put statewide Medicaid review in M.D. hands? 8-17-138
Three big ideas that would change medicine's future. 8-17-193
Look who's paying hospital bills today. 9-14-93
The stunning price tag on national health insurance. 9-14-21
National health insurance: three lessons from abroad, 9-28-96; Norway: where doctors love it, 9-28-98; Sweden: where doctors learned to like it, 9-28-102; Austria: where doctors loathe it. 9-28-106
Does antipoverty medicine threaten private practice? 10-12-142
What we must do *before* national health insurance. 10-12-224
"Medicare is double-crossing our E.C.F. patients!" 10-26-19
Will patient care get worse if we work for Uncle Sam? 10-26-79
Doctors can do well with capitation payments. 11-9-148
11,000 M.D. tax suspects—how many are guilty? 11-9-242
Already there's something better than peer review. 11-23-35
How the new Congress will deal with medical issues. 12-21-27

Health insurance

These patients will demand more office care. 1-5-202
Will outpatient benefits really cut health-care costs? 1-19-224
Big new swing toward panel practice. 2-2-129
Can we head off national health insurance? 2-2-25
Postpayment: new wrinkle in health insurance? 2-2-197
A push-button pay plan for M.D.s. 4-13-170
A foolproof system for processing insurance forms. 5-11-107
H.E.W.'s new drive to change health-care delivery. 5-25-286
How private health insurance is faring now. 5-25-182
What's behind the national health insurance push? 6-8-254
National health insurance: the Javits timetable, 6-22-19; The four front-runners, 7-6-214; Now comes the topper, 8-17-29; The Griffiths twist, 9-14-198; Five contenders compared, 10-26-284; Its time *hasn't* come. 11-23-214
A new onslaught from the prepaid groups. 6-22-172
A Government insider denounces medical fee controls. 7-20-218
Look who's paying hospital bills today. 9-14-93
The stunning price tag on national health insurance. 9-14-21
Health maintenance pays off for a five-man group. 9-28-183
National health insurance: three lessons from abroad, 9-28-96; Norway: where doctors love it, 9-28-98; Sweden: where doctors learned to like it, 9-28-102; Austria: where doctors loathe it. 9-28-106
The new boom in prepaid groups 9-28-29
What we must do *before* national health insurance. 10-12-224
A big vote of confidence in prepaid groups. 11-23-172
Getting ready for national health insurance. 12-7-214
How the new Congress will deal with medical issues. 12-21-27

Home

He solved his space problem with a caboose. 2-2-260
Considering a swimming pool? Don't! 4-13-98
House hunting made easy—the blitz approach. 6-8-106
How to buy a swimming pool and not be sorry. 8-17-196
The best home improvement you can make. 9-14-106
Don't buy legal trouble when you buy a house. 11-9-171

Hospitals

This computer helps doctors free up hospital beds. 1-19-229
Where attendings are paid for part-time teaching. 1-19-163
Malpractice: how hospital records can save you. 2-2-108
They're making utilization review more efficient. 2-2-200
Inside tips to smooth referrals to a medical center. 3-2-77
Can the profit motive save our hospitals? 3-30-76
"Hospitals should schedule doctors' rounds, too." 4-13-92
New malpractice trouble spot: the I.C.U. 4-27-156
Short-stay surgery at half the hospital cost. 4-27-152
Where interns steer their own courses. 4-27-183
The next 10 years: Will medical practice become more hospital-centered? 5-11-121
Another blow to closed hospital staffs. 5-25-215
This 20-bed hospital has 500 specialists. 6-8-160
Who needs a house staff? Not our hospital! 6-22-94
House staff activism may be coming to your hospital. 8-17-124
Would you believe what house officers earn now? 8-31-154
Look who's paying hospital bills today. 9-14-93
Here come the physician hospital trustees. 9-28-169
M.D.s and economists: new team on the health scene. 9-28-245
Are you hounded by these hospital fund-drive types? 10-12-252
Where discharge-planning starts on admission day. 10-12-272
"We switched to paid chiefs with minimum bloodshed." 10-26-126
Already there's something better than peer review. 11-23-35
Anatomy of a hospital take-over. 12-7-156

Humor

How to treat witches without turning gray. 1-5-210
Patients taken with a grain of Saltzman. 1-19-112
Mutual funds: I can't say no to a go-go! 3-16-102
None of my best friends are doctors. 4-27-112
Dr. Jekyll, meet Dr. Hyde: the L.M.D. 5-11-269
Have I got a tax shelter for you! 5-11-235
The night of the overproductive father. 5-25-202
"I've got a carrier pigeon for the doctor." 7-20-236
Aid for the Difficult Doctor's aide. 8-3-122
Consultmanship: how to stay one-up on colleagues. 8-31-162
Which comes first—your home or your wife? 9-14-242
Are you hounded by these hospital fund-drive types? 10-12-252
Has the greener-pastures syndrome got you down? 10-12-90
Used-car dealers vs. me—guess who got taken for a ride. 10-26-94
Windy patients? Try Dr. Slyde's downwind treatment. 11-9-186
Outpatient clinic blues? Here's a far-out Rx. 12-7-183

Income and expenses

Now's the time to figure your net worth. 1-5-67
Seeing more patients: best way to beat inflation. 1-5-77
The facts behind the big fee trends. 1-19-79
Office help: what it costs now. 2-2-152
Could you make it in New York City? 2-16-110
New light on those income-reporting problems. 2-16-79

XUM

NEW FROM A. H. ROBINS

Dimacol™

For your coughing patient who also has a cold, Dimacol is "just what the doctor ordered" for comprehensive, symptomatic relief. Each of the four agents in the rational formula is patient proven, time tested . . . a leader in its class.

Indications: For the management of cough, mucosal congestion, edema, and nasal hypersecretion associated with the common cold, upper respiratory infection, sinusitis, allergic rhinitis, and hay fever.

Contraindications: Hypersensitivity to any of the ingredients. Dimacol should not be administered to patients receiving MAO inhibitors. Not recommended for use during pregnancy.

Precautions: Administer with caution in the presence of hypertension, heart disease, peripheral vascular disease, diabetes or hyperthyroidism. Patients should be warned that this product may cause drowsiness in some cases. If this occurs, patients should be advised against driving or engaging in operations which require alertness.

Adverse Reactions: The following adverse reactions may possibly occur: nausea, vomiting, dry mouth, nervousness, insomnia, drowsiness.

Dosage: Adults and children 12 years of age or older: one or two capsules or teaspoonfuls three or four times a day.

A·H·ROBINS
